Territory

As one of the most successful groups of this race, they control quite a few territories, although over time, they have lost some. Most of these territories are vassal universes, which pay obedience to Asgard.

- Asgard
- Nilfheim ( claimed )
- Earth [ Midgard ] ( claimed )
- Jötunheim
- Vanaheim
- Svartalfheim ( disputed by Dwarf Rebels )
- Tir ná Lia [ Alfheim ] ( claimed )
- Muspelheim
- Nílf ( Undod System ) ( destroyed )

Composition

Unlike other Grigori factions, which are much more closed due to the territory they own, they have come to incorporate among their members beings of other races. An example of this has been, for example, the Valkyries. Warriors (mainly human) and women, who have been rescued and transformed into part of the warrior elite of this faction. Dedicated mainly to the task of searching for the best warriors around the multiverse to incorporate them into the to the ranks of Asgard. Giants, also appear as part of Odin's domain. Although more among the genes of his allies and relatives, due to his genetic experiments.

## Interaction with The Continent

TBA

## Presence in the Spiral

The aforementioned different universes that they once came to control, did so because of the ease with which they all traveled with each other. This zone of the multiverse in the spiral is tree-shaped, and is known as Yggdrasil.
